Columbia River System Operations EIS

The U.S. Army Corps of Engineers, Bureau of Reclamation and Bonneville Power Administration invite you to participate in

An update session on developing the draft Environmental Impact Statement

❖ Discuss the results of public scoping and how this information is used in the EIS process to develop alternatives for long-term system operation, maintenance and configuration

❖ Learn how alternatives are developed and progress to date

❖ Discuss the work for the coming year, including finalizing alternatives and analysis of environmental impacts

❖ Learn about current operation, maintenance and configuration of the Columbia River System
